To Whom It May Concern:

We would like to take this opportunity to thank you for accommodating us on the closing of the streets from Morrow to Thrasher on Summit Street during our Youth Camp held on the campus of Ozark Bible Institute and College July 2 - July 6, 2018. It makes us feel at ease to know Summit Street is closed during this time for the safety of our children. We had over 300 campers this year.

Our camp was a great success and we appreciate your helpfulness in making this possible.

Sincerely,

A handwritten signature in cursive script that reads "Terry Miles".
