**PURPOSE:**

Seek Council input/feedback on proposal.

**BACKGROUND:**

MoDOT in the course of installing new sidewalks on Harmony also installed a crosswalk adjacent to the new Domino's. MoDOT has offered to provide a street light for this crosswalk if the City will install and pay for the monthly electric charge on the light.

If City did agree to such a proposal the Staff feels it would be best to work with Empire on installation of the light.

**RECOMMENDATION:**

Staff requests Council direction on this proposal.
